- Foundations & Agility Students are expected to bring crates for their dogs to class - we WILL be doing exercises and/or walking courses without the dogs, so securing them properly is necessary. A soft lightweight crate is great for this. Tying a dog is not acceptable.
- FSIC: The Classroom is located upstairs of the building (take the staircase on the right as you enter the main entrance), turn left at top of stairs, go back to the "Strike Zone batting cage" area where the classroom will be. ** OR Enter through the side door on the left of the building at the parking lot, immediately inside door will be stairs at the top turn to the right down the hall where the classroom is. Please keep gate closed to the classroom at all times. **An elevator is available on the left side entrance of the building, please be care with dogs and the elevator.

- KEYMAR: This is a private Equestrian property **please do not drive or park in the grass or allow dogs to potty in the yard of the home;** there are plenty of areas between the barns to potty/walk dogs. Parking is on the gravel areas alongside the buildings. When the Middle doors to the barn are open (opposite the people door) you may walk straight through the barn to the arena, otherwise please do not go through the barn if the doors are closed. The Indoor Arena is the large building behind the main barn, entry is also through the white gate on the right side of the barn to go up to the building. Please do not walk through the horse field, allow dogs to bark at horses or pet the horses.
- If there is a class ongoing when you arrive, please wait in the hall or outside the building at Keymar until the current class is dismissed; and/or check with Mel to be sure there is room to set up.
- Classes will start promptly so please be on time.
- If you have questions for Mel, please wait until class is dismissed or the start of the next class.
- Please limit dogs to the classroom area; dogs should not be exploring other areas of the buildings, particularly the soccer fields or horse barns, nor should dogs be let loose to run in the training areas unless they are participating in the lesson.
